**Status:** ACCREDITATION  
**Action Taken:** Request for Additional Information  
**Information Used to Make Decisions:** Notification received by CAPTE  
**Next Activity:** Compliance Report due **September 1, 2023**

**Reason for Decision:** The Commission's decision to continue accreditation status is based on the program's level of compliance with the Standards and Required Elements and on the expectation that the program will, within two years of first being cited, bring itself into compliance with the following element(s) noted in the Commission's Findings: **3B.**

That compliance must be appropriately documented in a Compliance Report which will be used by the Commission to determine compliance with the elements noted in the Findings and to monitor compliance with all the required elements.

The institution and program are responsible for notifying CAPTE of all substantive changes in the program prior to implementation. Unexpected substantive changes are to be reported immediately after they occur. (See Part 9 of CAPTE's Rules of Practice and Procedure for more information about reporting changes.)
