On April 25, 2023, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the Physical Therapist Assistant education program at Lehigh Carbon Community College.

**Status:** ACCREDITATION

**Action Taken:** Program teach out plan has been approved, Continue Accreditation

**Effective Date:** April 25, 2023

**Information Used to Make Decisions:** Teach out plan received from program Compliance Report

**Reason for Decision:** The program has requested to withdraw accreditation after all students have graduated; however the program continues to be out of compliance with the following standard and required elements: 1C2 and 1C3.

**Next Activity:** Compliance Report due September 1, 2023
Program to notify CAPTE after all students have graduated at which time CAPTE will withdraw accreditation at the next CAPTE meeting following the notification.
NOTICES

REQUIRED STATEMENT OF ACCREDITATION STATUS
Once a program has been accredited, and for as long as it remains accredited, the program must use the statement provided in §8.20 on all educational and promotional materials, including the institution/program web site, where the program’s accreditation status is disclosed.

[INSERT Name of Program] at [INSERT Name of Institution] is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org. If needing to contact the program/institution directly, please call [INSERT Direct Program Phone Number] or email [INSERT Direct Program Email Address].

NOTE: If the institution offers other physical therapy programs not subject to accreditation by CAPTE (e.g., transitional DPT, post-professional degree program, residency or fellowship), the above statement must be edited to clearly indicate that the additional programs are not accredited by CAPTE. Additionally, the information available to the public regarding these programs must clearly state that they are not accredited by CAPTE.

TWO YEAR LIMITATION ON BEING OUT OF COMPLIANCE
CAPTE’s recognition by the United States Department of Education requires a limitation of two years for programs to be out of compliance with a required element [34 CFR 602.20(a)(2)(iii)]. When, after review of a Compliance Report, the program remains out of compliance with any required element and sufficient progress toward compliance has not been demonstrated, CAPTE may act to place the program on probationary accreditation or withdraw accreditation. CAPTE will place the program on probationary accreditation when a program remains out of compliance for 18 months. If the program continues to be out of compliance with any required element at the end of the two-year period following the initial finding that the program is out of compliance, CAPTE will withdraw accreditation unless CAPTE judges the program, for good cause, to be making significant efforts to come into compliance with the standards and required elements. CAPTE defines a good cause effort as:

(a) a completed comprehensive assessment of the problem/issue under review,
(b) an appropriate plan for achieving compliance within a reasonable time frame not to exceed two years,
(c) a detailed timeline for completion of the plan,
(d) evidence that the plan has been implemented according to the established timeline, and
(e) evidence that the implemented plan is showing results that provide reasonable assurance the program will achieve compliance within the allotted time frame.

It is the program’s responsibility to make the case that a good cause effort has been made and continues to be in effect. During the extension for good cause, probationary accreditation status will be maintained, and the program’s progress will be monitored. In no case, however, will an extension for good cause be longer than two years.
ACCURATE PUBLIC DISCLOSURE OF THIS DECISION BY THE INSTITUTION
The institution and program must make accurate public disclosure of the accreditation or pre-accreditation status awarded to the program. Further, the United States Department of Education (USDE) requires all recognized accrediting agencies to provide for the public correction of incorrect or misleading information an institution or program releases about accreditation or pre-accreditation status, contents of reports of on-site reviews, and accreditation or pre-accreditation actions with respect to the institution or program [34 CFR 602.23(d) and 602.23(e)]. If the institution or program chooses to disclose any additional information, beyond the accreditation or pre-accreditation status that is within the scope of the USDE rule, such disclosure also must be accurate. Any public disclosure of information within the scope of the rule must include the agency’s street address, email address and phone number: Commission on Accreditation in Physical Therapy Education, 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; accreditation@apta.org; (703) 684-2782 or (703) 706-3245. If the Accreditation staff finds that an institution or program has released incorrect or misleading information within the scope of the USDE rule, then, acting on behalf of CAPTE the Accreditation staff will make public correction, and reserves the right to disclose this Summary of Action in its entirety for that purpose.

PUBLIC NOTICE OF DECISIONS BY CAPTE
Following all decisions, including decisions to place a program on warning, probation or show cause, or to deny candidacy, withdraw candidacy, withhold accreditation, or withdraw accreditation, the Accreditation staff will, within 24 hours of the official notification of the programs and institutions of the decisions, provide notice to the public by placing notice of the decisions on its web site.

RESPONSIBILITY TO REPORT CHANGE(S)
The institution and program are responsible for notifying CAPTE of all reportable changes in the program prior to implementation. Unexpected changes are to be reported immediately after they occur. Reportable changes, some of which may require pre-approval, are described in Part 9 of CAPTE’s Rules of Practice and Procedure (https://www.capteonline.org/globalassets/capte-docs/capte-rules-practice-procedure.pdf). It is the program’s responsibility to be familiar with these expectations and to provide notification of program changes as required.
Commission’s Findings and Reasons for Decision:

The program was judged to be in NON-COMPLIANCE with the following required elements. Non-compliance means that the program has in place less than a substantial portion of the components necessary to meet all aspects of the elements.

1.) 1C The program meets required student achievement measures\(^1\) and its mission and goals as demonstrated by actual program outcomes.

1C2 Ultimate licensure pass rates are at least 85%, averaged over two years. When two years of data are not available, the one-year ultimate rate must be sufficient to allow the program to meet the expectation for an ultimate two-year licensure pass rate of at least 85%.

INSTITUTION RESPONSE:

1C3 Employment rates\(^2\) are at least 90%, averaged over two years. If the program admits more than one cohort per year, the two-year employment rate for each cohort must be at least 90%. When two years of data are not available, the one-year employment rate must be sufficient to allow the program to meet the expectation for a two-year employment rate of at least 90%.

INSTITUTION RESPONSE:

---

\(^1\) **Graduate and student achievement measures**: The measures of outcome required by USDE (graduation rate, licensure pass rate, employment rate).

\(^2\) **Employment rate**: The percentage of graduates who sought employment that were employed (full-time or part-time) as a physical therapist assistant within 1 year following graduation.
