On April 27, 2021, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist education program at The University of Tennessee Health Science Center.

Status: ACCREDITATION
Action Taken: Request for Additional Information
Information Used to Make Decisions: 2020 Annual Accreditation Report
Next Activity: Compliance Report due September 1, 2021

Reason for Decision: The Commission's decision to continue accreditation status is based on the program's level of compliance with the Standards and Required Elements and on the expectation that the program will, within two years of first being cited, bring itself into compliance with the following element(s) noted in the Commission's Findings: 4A and 8A.

That compliance must be appropriately documented in a Compliance Report which will be used by the Commission to determine compliance with the elements noted in the Findings and to monitor compliance with all the required elements.

The program is reminded that the status of accreditation has been continued based on the program described in the materials reviewed by the Commission. The institution and program are responsible for notifying CAPTE of all substantive changes in the program prior to implementation. Unexpected substantive changes are to be reported immediately after they occur. (See Part 9 of CAPTE's Rules of Practice and Procedure for more information about reporting changes.)
